

Chandigarh College of Engineering and Technology (Degree Wing)

Report on Anti Malaria/Dengue Campaign

(August 4, 2016- August 12, 2016)

In reference to communication received from State Liaison Officer (NSS), Chandigarh dated August 3, 2016 and August 4, 2016, volunteers of NSS unit Chandigarh College of Engineering and Technology (Degree Wing), Sector -26, Chandigarh participated in Anti Malaria/ Dengue Campaign in UT Chandigarh along with health department officials. A total of 17 teams consisting of 35 members went door to door for awareness drive from August 4, 2016 to August 12, 2016. Regions such as Babu Dham Colony and Sectors 26, 27 & 28 were covered, where in houses were checked for traces of the Dengue Malaria larvae inside water coolers, water containers, pots, tires, and overhead tanks. While most of the people were cooperative, some of them refused to open their gates.

Glimpses of awareness drive:
