Intellectual Property Rights and IP Management for Start-Ups

On 25th April 2024, the Institutes Innovation Council at CCET conducted a workshop on "**Intellectual Property Rights and IP Management for Start-Ups.**" The workshop was conducted by **Mr. Kushal Jain**, Sr. Manager at Signicent LLP, who has extensive knowledge and 9+ years of experience in the field of IPRs and dealing with IP portfolios of the industry. His expertise in the subject matter helped participants gain a deep understanding of the importance of protecting innovative ideas and creations through IPRs.

The workshop started with a brief introduction by the organizers, highlighting the importance of intellectual property rights in the current business landscape. The session was then handed over to Mr. Kushal Jain, who began by defining what intellectual property is and the various forms it takes, such as patents, trademarks, copyrights, and trade secrets.

He then went on to explain the importance of protecting one's intellectual property through appropriate legal means, including the registration process, and how it can provide a competitive advantage in the market. He also discussed the potential consequences of not protecting one's intellectual property, such as infringement lawsuits and loss of revenue.

Mr. Jain emphasized the need for start-ups to be proactive in managing their intellectual property rights, including conducting regular audits to identify potential infringement risks, creating policies and procedures for IP management, and developing strategies for IP enforcement.

The session also included a Q&A session, where attendees were able to ask questions and clarify any doubts they had regarding intellectual property rights and management.

The distinguished presence of Dr. Sunil K Singh, Professor and HOD of Computer Science and Engineering Department, Dr. Amit Chhabra, Assistant Professor, Computer Science and Engineering, and Dr. Ankit Gupta, Assistant Professor of Computer Science and Engineering, added value to the workshop and provided support and encouragement to the participants. They also provided a memento as a token of appreciation to Mr. Kushal Jain for her valuable contribution to the workshop. The workshop concluded with a vote of thanks from the organizers.

Some Glimpses of the event are:

The workshop was organized by
