

CHANDIGARH COLLEGE OF ENGINEERING AND TECHNOLOGY (DEGREE WING)

ACTIVITY REPORT ON JAL PAKHWADA 2026 HELD ON 21-04-2026

The Student Council of Chandigarh College of Engineering and Technology successfully organized an awareness event under the “**Jal Shakti Abhiyan: Catch the Rain**” initiative, inspired by the Government of India’s campaign to promote water conservation and sustainable usage of water resources. The event was conducted as part of the **Jal Pakhwada (16th to 30th April 2026)**, aiming to sensitize students about the importance of conserving water.

The event was the **Water Conservation Pledge**, where all participants collectively took an oath to:

- Save water in daily life
- Avoid wastage of water
- Promote rainwater harvesting
- Encourage others to conserve water

The pledge created a sense of responsibility and unity among participants toward environmental protection. The event was organized under the guidance of Dr. M. S. Gujral, Principal (CCET Degree Wing) and Dr. Gulshan Goyal, President Student Council.
